

Thank you for choosing Digistar !

Please Follow the steps below to Set up **Digistar Google Review Card / Stand**.

Step 1: Generate Your Google Review Link

Find Your Business Profile:

- Search for your business on Google.
- On the right-hand side of the screen, under your business listing Click **"Write a Review."**
- Copy URL from the address bar after you click on it.

Alternatively;

- Open Google My Business.
- Go to the **Home** page and scroll to **"Get more reviews"**.
- Click **"Share review form"**, and it will generate a link to your review page.

Step 2: Shorten Your Google Review Link

- Go to a URL shortening service like **Bitly** (bit.ly), **Tiny URL** (tinyurl.com), or **Google's URL Shortener**.
- Paste the Google Review URL from Step 1 into the shortening tool.
- Copy the shortened link.

Step 3: Install NFC Writing App

- Install an NFC writer app on your smartphone. Download **NFC Tools** (available on both iOS and Android) allow you to write data to NFC cards.

Step 4 : Prepare the NFC Card

- Open the **NFC Tools** app and go to **Write** section. Choose the **"Add a Record"** option.
- Select **"URL/Website"** and paste your **Google Review link** (copied from Step 1).

Step 5 : Write to the NFC Card

- Hold the NFC card or tag near the back of your phone (where the NFC reader is located).
- Tap **Write** and wait until it says, **"Write Successful"**. The card now contains your Google Review link.

Step 6 : Test the NFC Card

- Tap the card with an NFC-enabled phone and verify that it opens your business's **Google Review page**.

Step 7 : Distribute or Display the Card

- Display the NFC card at your business counter or provide it to customers as part of promotional materials. When tapped by an NFC-enabled smartphone, it will direct customers to your Google Review page automatically.

Warning: Don't Paste the Google Review NFC card on metal, it will not work.

For I-Phone users NFC tag can be detected near camera and for Android users it can be detected at centre of the phone back side. For android users make sure NFC is enabled in the phone. Make sure you tap your phone where it says "TAP PHONE HERE" on the product.

PLEASE GIVE YOUR VALUABLE PRODUCT RATINGS, Just like your business need ratings to grow, My small business also thrive on reviews. Take a moment and rate my product. Thank you for the purchase.

Wish you the best for your business.
